

*"Unparalleled Delivery Times on Custom and Standard Filtration Products"*

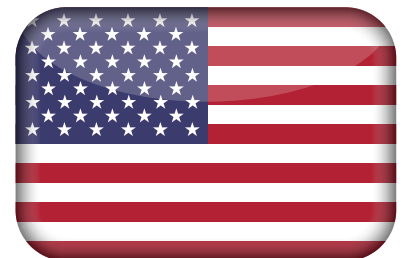

## Hydraulic Systems Need to Breathe!

Can your system breathe the way it needs to in order to run efficiently? If it can't, destruction is inevitable. Our tank breathers and filler-breathers can help. We ship from stock daily. To make things even easier, we will help ensure you have the right size if you are not sure of what you need. We also have many options, too, like basket length, different element micron sizes, locking tabs, base type, dipstick, etc. Contact us anytime. **We are always glad to help.**

## These Two Symbols Have a History and a Future Together

OFCO products have proudly been made in the USA since 1945. The OFCO logo is a sign of quality products at a fair and reasonable cost. We will do our best to take a futurist position realizing that "service" will remain a key component for success as long as human beings are around. We realize that regardless of the methods employed, however, customers will expect incredibly responsive service every time, and companies who can provide it more consistently will be the ones that win.

### LET'S GO TO SCHOOL

## Basic Hydraulic Principles

1. \_\_\_\_\_ is the branch of science that deals with the practical application of water or other liquids at rest or in motion.
2. The weight of the atmosphere at sea level is \_\_\_\_\_ psi.
3. \_\_\_\_\_ is the force per unit area.
4. A pressure gauge reads \_\_\_\_\_ psig at normal atmospheric pressure.
5. \_\_\_\_\_ is the distance a fluid travels in a specified time.
6. A \_\_\_\_\_ is the pressure lower than atmospheric pressure.

# Ohio Fabricators & ISO Certification

Our products are manufactured under the highest standards of planning and compliance. OFCO's production operations are fully governed by a documented Quality Management System and is certified to meet ISO 9001:2015 requirements.

## Our Custom Manufacturing Capabilities

Don't forget, we have specialized in custom manufactured products since our beginning in 1945. What you see here is just a very small sample of what we can do. Our skilled and experienced technical staff, with state of the art equipment, can create products that will meet most demanding functional and dimensional specifications. We are "Build-To-Print" specialists!

**If you need it and we don't have it, we can most likely make it.**

## Words to Live By

"Education is when you read the fine print.  
Experience is what you get if you don't."

~ Pete Seeger, singer and composer

"The fool asks the wise for advice.  
The wise ask the experienced."

~ Abraham Lincoln,  
16th President of the United States

"There can't be happiness if the  
things we believe in are different from  
the things we do."

~ Freya Madeline Stark, travel writer
